If world does not pulls u towards; If Allah's fear makes your eyes wet; If thought of hell keeps in you Allah's fear; If you worship Allah same as you should; If virtue keeps you towards itself, and you feet stop on going on path of sins then you are pious. Few are pious, few pretend so. Its a good hut to be a pious. Becoming pious is an action of sanctification and warriorism. It takes time and to suffer discomforts.
