Assignment: English Essay
Topic: Thesis Statement

Topic #1 Knowledge implies responsibility

The idea of being responsible based on knowledge is a belief which is pragmatically justified. Knowledge of things places another weight over one shoulders. Knowledge opens one's eyes to things previously unseen, their ears to ideas unheard before, and this is great.

Topic #2 Has Employment increased or decreased in the Cyber Age

We live in an era where the dependency on technology has become inevitable. Technology reduced human intervention in many mechanical and technical jobs that now can be done in less time with more output.
