

Outline Subheading:

Crime as a negative effect of social media on youth

Topic Sentence: There are several negative effects of social media usage on youth, particularly distracting them from their right path and leading them to crime.

Reason/Explanation: The reason is that many youth did not know the right usage of social media and they involved in such communities which led them in bad deeds such as criminal acts.

Supporting points: The media simplifies crime by highlighting criminal's mental states rather than social context. Their reporting lacks objectivity and focuses on harsh punishments.

Evidence: There is evidence that social media sites have been used for various crimes including: Promotion of graphic violence, gang and mob violence in Bangladesh and Sri Lanka, Ethnic conflict and massacre in India and genocide against Muslims.

Conclusion: Hence, youth using social media in higher frequency are perpetually exposed to violence and may face some form of crime at some point in their lives.
