

PARAGRAPH WRITING

Para: 1

Pakistan is facing the devastating effects of climate change. It is among top 20 countries in the world who are at high risks of climate change. Undoubtedly the risks not only include the rising temperature or the melting of glaciers but it will also contribute in migration, food and security issues which will eventually lead to regional, national and political issue. Himalayas, the third most snow curved area which is located in the north of Pakistan, with climate change it may become a cause of Glacial Lake Outburst Floods (GLOF) and can destroy villages. The government of Pakistan should increase their response rate by early warning systems otherwise Pakistan will be a major target of climate change.

Para: 2

CSS is a competitive examination. It requires plenty of hard work, motivation and determination to qualify this exam. Aspirants need to develop exceptional writing skills to convey their thoughts. Alumnus share their experiences and methodologies to prepare for the exam. Yet the passing ratio is only 2% indicating that it is one of the most challenging exams.

Para: 3

Reading is a tool to enhance our vocabulary. It is the body of words used in any language. Reading is essential for learning any language. Benjamin Carson said; "By reading so much, my vocabular automatically improved along with my comprehension". Therefore, one can improve their vocabulary through reading.
