Importance of English language

→ English is one of the universal spoken languages, used as tool for communication at international level. English language has a great importance due to the greater numbers of users or speakers.

→ Today, in several Islamic and Arab countries, English has become "Trade language". It is not only a tool of communication, also being used for business and trade.

→ English allows its speakers to expand their vocabularies, as it contains words in terms of millions. Due to international standard, English has got a higher ranks among other well spoken languages.

→ The renowned linguist, David Crystal "a language becomes a Global language, because of the power of people who speak it."

So, value or worth of a language is always due to its numbers of speakers.
