Water-scarcity: A challenge to Pakistan

Keywords are underlined that must be addressed in remaining paragraph.

Water scarcity has been a devastating challenge to the government of Pakistan, which needs to be ~~addressed~~ evidence? addressed promptly before it is too late. Water unavailability may have diverse and severe impacts, including health, agriculture, environment and ultimately Pakistan's economy. ~~fall~~ Although a number of steps have been taken to meet the challenge at different times, yet there ~~are~~ a lot to be addressed by taking effective actions, including promoting water governance, public awareness, water sustainability education and adequate fund release, not only for maintenance and rehabilitation of existing water infrastructure, but also for new technologies installation, such as drip irrigation system and rainfall harvesting.

Too long a sentence.

conclusion?
