### ACADEMIC PARAGRAPH STRUCTURE

(Sub-heading: Negative impact of social media on youth; social media addiction.)

Topic Sentence	There are many negative impacts of social media on youth; Among them <del>one</del> <sup>the</sup> is addiction of social media.
Explanatory or Reasoning sentence	The excessive use of social media has <u>bad impacts</u> in the life of youngsters.
Supporting Point (1)	It affects <u>their</u> human brain and creates psychological feelings among them while <u>they are</u> using it.
Example (1)	One can enjoy the pleasurable feelings that can boost one's mood. * This is explanation not evidence
SP 2 (optional)	So, the limitless use of social media decreases the physical activity and increases the feelings of solitude and isolation.
Ex 2 (to be written if SP2 is given)	<del>By</del> The over use of it, cause the fatigue in youth, and also creates distance among dearest and nearest.
Concluding Sentence	Hence, the vast use of social media is the leading factor to become addictive of it.

The topic sentence is about addiction while the explanatory sentence is about the bad impacts of this addiction. This is the reason the paragraph went astray.

Is the sentence concluded from the previous sentence?  
How is this related to the previous sentence?
