Ques: Contemporary Challenges for Muslim Ummah and their Solutions according to teachings of Islam?

Ans:

start with the introduction of the question.

in this modern era facing challenges from entire world probably. But the gravest problem is in the inner core of Islam; The Intertussle of Muslim Ummah is pushing whole muslim world into dark ages. The external ~~sarcasm~~ <sup>might be</sup> ~~may~~ tolerated by Islamic followers but, the hostile of Internation-Islamic nation - can not be ignored; The tussle of geography among muslims: Syria, Turkey, Kingdom of Saudi Arabia. The Persian Gulf's problem.

The Muslim Population in entire world is 1.8 billion, the Muslim nation shares 24% in world population. From 193<sup>th</sup> the 26<sup>th</sup> countries are ~~can~~ ~~recognised~~ as Islamic states as per their constitution. Whereas, there are 50 countries which are majority

Populated by Islamic Followers.  
 Muslim countries are rich  
 in natural resources; Middle east alone  
 produces 45% of hydrocarbons.  
 K.S.A (Kingdom of Saudi Arabia) is the  
 first among oil producers, Qatar is  
~~enjoying~~ enjoying second position. - Iran was  
 at second position before sanctions - Now  
 Iran is at fourth in producing hydrocar-  
 bons. Not yet, but the routes are  
 also hallmark in world economy and  
 in global politics too; this shows the  
 Importance of routes, straits - water ways -  
 so on - The recent mediation of china  
 between Iran and K.S.A is an evi-  
 dence; that china never interrupts in  
 anyone's hot issue but surely the eco-  
 nomic interest. ✓ The Muslim world plays  
 so much important role in Economics  
 and world politics (Previously U.S.A was  
 overly dependant on K.S.A). Same as  
 in caspian region: Turkmenistan, Kazakis<sup>tan</sup>  
 Tajkistan, Uzbekistan.

Now the question is

That why Muslim ummah is facing challenges. ~~Such as~~ despite of having ~~wealth and importance~~: Troubles, Humiliation, blasphemies, Sarcasm e.t.c. ?

\* The challenges for muslim ummah

Besides having all resources Muslim ummah is struggling into modern world, ~~The territorial issues~~, the internal misunderstandings with Islamic ideology.

highlight the headings.  
also, try to make elaborate and self explanatory headings.

i/ Pan-Islamism: The Pan-Islamism is an ideology of muslims to be unified under one single flag of ~~the~~ Khilafat. At first the theory was introduced by ~~ottomon~~ ottoman empire to collect all muslims under Khali'fat-ul-muslimin. Nevertheless, in contemporary world one of the misunderstood groups of Islam, named as ISIS (Islamic state of Iraq and Syria) has developed an idea that entire muslim ummah should be flagged under one leader of

Islam. i.e, wanted to restore Khilafat System. Again it is impossible to erase all geographical differences among all muslim state. Besides this, there are multicultural and ~~at~~ <sup>not</sup> be under single state system now.

keep the description of headings brief.

### ii/ Sectarianism:-

One of the most difficult challenges for Muslim ummah is Sectarianism. i.e, the ethnic enmity. The disunity in Muslims - Shia, Sunni conflicts - has pushed Muslims into a well, where no one can save muslim ummah. The Internal issue has been divided all, it is contrary to teaching of Islam. This side effect had ~~not~~ <sup>been</sup> elevated so far as they ~~do not~~ <sup>hesitate</sup> to kill each others. People of some religions, has been dispersed in groups.

### iii/ Rise of extremism/terrorism:-

Another major challenge is

Day: \_\_\_\_\_

Date: \_\_\_\_\_

secretly the rise of extremism and terrorism. In this group the people were getting an harsh ideology to kill or (Jihad) against infidels that took muslim ummah's or Islam's - reputation so down under earth. The instances are several suicide bombing in: Europe, U.S.A, Pakistan, India e.t.c.

The major issue became for muslims when, in 2001 the 9/11 happened, this lit up the petrol on sticks of muslims.

iv/ Lack of Education:- Majorily muslims are uneducated due to their domestic problems, but in all. The muslims of Arab states, such as: K.S.A, U.A.E, Qatar, Kuwait. are busy in constructing tallest buildings, or highest shopping malls into world records but could not constructed a fine research library for their children, — The Mughals were busy in constructing Taj Mahal, whereas, the west were building cambridge and Oxford for

The Future - This issue led muslims down that once the prominent world's biggest library was in muslim state, the major scholars were muslims but, after centuries muslims are now far back than other world.

Weak Economies of Muslims:-

Having a biggest back or strongest back in wealth muslims are going back to dark ages because of disunity and for not having trade to each other. All muslim ummah have dispersed capita per income then the western tiny unions. And as not working as one nation but multinationals. Thus, the economic status of muslims are sarcastic. For instance the Saudia has biggest revenue due to oil and was risen up after 1973, Instead of spending on industries or education, the K.S.A spent all wealth on Afghan jihad against USSR to decrease the Jem in K.

add more ARGUMENTS.

should be around 708 in this part.

\* Solution according to teaching of Islam:-

i/ Work on Disunity:- As Allah orders in Quran in Al-Imran, "And hold firmly to the rope of Allah all together - and do not become divide. And remembers the Favours of Allah upon you when you enemies and he gathered the the hearts together and you become ~~bro~~ brothers." Above the verses emphasis about, to be in unity.

ii/ Work against Extremism, terrorism:-

Al-Quran, "Indeed, one innocent Killing of any human is like Killing the humanity and, to save one person from Killing is like to save humanity."

The ~~poor~~ <sup>poor</sup> Interconnection among muslims and ideological <sup>issues</sup> led ~~to~~ muslims to an extremist point.

The educational institution should force a better material for interdependency not to jihad against innocent people.

iii/ Realising ~~to~~ education as backbone:-

Without education of modern era, a society can never be prospered. Education in west is 80 to 90% above than any of muslim state. As Holy Prophet (S.A.W.W) stated that "Education is obligatory for everyman and woman". And another is "Have education even if you have to go to China". So muslim has to work on educational awairness, not because <sup>to</sup> ~~per~~ develop themselves but to prosper themselves in every aspect. The Muslims have a history in education; the Scientists of medieval era were muslims; the Scholars; Physicists, chemists, geographers, astronomers and so on.

iv/ Economics of muslims:- As Quran say about helping eachother, "All muslims are brothers and sisters to eachother". Thus as it is ordered and is obligatory to helping eachother. The OIC should reschedule their policies regarding muslim

ummati. They should depart from their  
Personal enmity to ~~have~~ a Islamic bloc  
where they can help ~~with~~ the muslim  
ummati particularly.

add more points in solutions.

conclusion is missing.
