Although population question is of immense importance. It is deliberately ignored due to the vested interests of almost all the stakeholders of the state. This irrational attitude has and will continue to harm the whole society until the population explosion is properly regulated. All the high profile leaders actually do not want to discuss population issue. Therefore, they claim that restricting population is akin to challenging the authority of the nature.

Population Issue and the Role  
of State's Stakeholders

# Comprehension 2012

1/1/21

single sentence format is incorrect  
never ans in a single sentence

①

Ans:
