One of the major as well as the biggest manifestations of crisis of good governance is low literacy rate in Pakistan. High literacy ~~rate~~ levels are being boasted in all developed countries. Pakistan, on the other hand, has one of the lowest literacy rate in the world.

For example, according to Pakistan Economic Survey 2021-22, the literacy rate in Pakistan was recorded at

63%. The main reason behind the low literacy rate in Pakistan is meager allocation of budget for education.

For example, according to Pakistan Economic Survey 2021-22, we spend only 1.77% of GDP on education. To conclude above statements and reports, we can say that crisis of good governance is displayed by the low literacy rate in Pakistan.
