The WAR: IMPACTS on CIVILIZATIONS

Author belined that, It has ~~been~~ possible to find reasons for the breakdown of civilizations. War is not danger until when it escape from the grip. According to the Author; War has more severe disadvantage than advantages and couldn't be fight until state become more stable. In the past, when any danger of the war; It has made serious efforts to get rid of it and the only way of salvation to everyone in the society with a line conscience. The personal preference of peace over war is like the declaration of war against sacrificial warrior institutions. History revealed that peace; road to promising.
