

Subheading: The importance of Education

The education is important for all us. The reason is that, Education can get every man and women. The education is important for all us because education develops our behaviour, code of conducts, Morals and values. Education is a third eye of human being so, we can say that education is important for all us. According to the Nelson Mandella education is a powerfull weapon, through change the world. So, education gives great status to us. Education develops the future of nation. To sum up, Without education we are blind and education changes the personality and behaviour.
