

Positive Impacts of Social Media On Youth

Social media has become part of youth. Youngsters have engaged themselves in it.

It has many positive impacts on youth, because it is source of learning new things. Secondly, social media is platform where youngsters can share their opinions regarding global issues, economic issues in country, and political issues in region.

Social media is helpful in developing critical thinking in youngsters, by using it, youngsters can reshape their minds and come forward to inventions.

Social media also encourages youngsters to bringing improvements in their life such as building personality,

awareness regarding social issues, planning for future and increasing communication skills as well. As it

is digital world era, youngsters are using social media as a tool to earn money, and

they are trying to being independent. If all

youngsters in our country use social media in positive way it can bring huge change in our

economy as well, because social media ~~has~~ ^{has} introduced

digital programs ~~through~~ ^{by} adopting it youngsters can bring

dollars in country. In a nutshell, social media

is a platform that can change the destiny of youngsters.
