

Islam and its Salient Features

Islam is a arabic word which means resignation to God. This is made up from SLM means Peace and also Adama which means to Submit, to Submit Yourself to God and obey his Guidance. This is only true religion in world and also it is religion by all Prophets. God sent his messengers in every corner of world to separate the message of Islam that this universe and all the living things are made up of God that Allah is one and he is omniscient and Omnipresent. Islam is a complete God of life if we obey or if we get soul to islam we can live better life. Believe in God and his mercy and also believe that there is no God except to Allah.

Tawhid means one's of Allah, means to believe that Allah is one. Tawhid means Faith our Kalma depend on two sides tawhid and Prophethood. But if you believe in Tawhid but you don't believe in Prophethood you are not muslim yet. Being a muslim every body should believe in finality of Prophet, God sent 1 Lakh 24 thousand Prophet to separate Islam in all across world to make them define to obey Islam for complete code of life and Prophet Muhammad (PBUH) was last Prophet of God. once you believe in Tawhid and Prophethood, so you have to do rituals and worships of God.

and also you have to believe every Prophet God Sent. Believe in Tawhid, Prophet-hood and all other Prophets God Sent and the children of these Prophets and also all the books of these Prophet. Islam teaches us all the way of life to do worship / Rituals. Here we start to believe that everything is made by God and will return to God whenever he wants he can easily vanish to this whole universe and it will not be end but start of the life after death. Being a muslim you have to believe that one day we will die and alive again to get our reward or Punishment, Islam teaches us a way of life it helps in every stage but if we disobey the rules or we truly obey the Guidance we will have our reward in Last it truly depend on our good and bad deeds. These rules are not only for muslims its for every human being rather they are muslim or not everyone will be alive at the day of Judgment and represented with there deeds book.

Islam teaches us the way of life. it helps us in an individual or in society. There are four main Pillars of Islam. Pray, Fast, Charity, Pilgrimage. Pray (Nimaz) to God for the Peace of Soul we do Sajdah to our God and also talk about All the bad things we face. we fast for Allah for the peace of mind and Soul we don't drink and eat and also we stop all the negativity during this time and

only Pray to God. We have to do Charity to those who need. Islam is not only to make your life easy but also to help others who needs this money and who are not eating properly. As we know that Islam is a Deen. and Deen teaches us to help others to show humanity, Care, to our relatives, neighbours, and then others. We have to perform Pilgrimage in front of Allah's house. These are the basic Pillars of Islam.

Islam is easy to understand there is no complex Rituals or rules it is a simple source of life it guide us with our Holy book Quran and teach us the basic rules and regulations its easy to practice.

Islam way of life, there are also Guidance about human rights, women's rights, Children rights, Freedom, responsibility it has rules for social life and also for an individual's life.
