Translation (2023)

The old man said that there is a mountain across the forest, where the flower grows. Whose fragrance returns the lost of eye vision. But mountain is very high and there are many rocks on it. There are thorny bushes with large stones that block the way. Many people came and went to go to this mountain. But no one came who reached the flower. Perhaps that is why sorrow and pain is present in the world and man is searching the light.
