

Passage:

We are living in an era of mighty transformation in all aspects of life. The increased tempo of change giving our age a revolutionary character is a striking one. In India, we have to follow up political freedom by social, cultural and economic advance for which our universities have to send out for every walk of life intellectually competent and professionally ^{skilled} young people men and women who have imbibed through their learning the real democratic spirit and breadth of vision for the release of creative forces, learnt toleration and mutual give and take and through constant self introspection, self restraint and disciplined habits of mind can overcome narrow prejudices. Thus, greater emphasis has to be laid on the building of the

Character of the students, moulding their personality and producing good and honest men and women who believe in self-help and self-reliance.

Precis:

The current period is revolutionary with changes happening at an increased pace. India needs to comply with political independence by social, cultural and (political) economic progress for which highly productive young people with certain characteristics to control their biasedness are required. For which, universities should focus on shaping personality, character development and promotion of self-reliance in students.
