

Sub Heading :- Nuclear challenge to world peace during the 21st century.

Topic Sentence

Nuclear energy has greater challenges and threats to the world peace during the 21st century.

Explanatory Sentence

Among these challenges the most common to the world peace is transportation, storage and disposal of used nuclear fuel.

(www.nti.org, nuclearnonproliferation, Nov, 2019)

Supporting point

If these fuels are not properly stored or their improper disposal occurs, so it destroy the peace of the whole world and leads to castatroph.

Example:

One ^{of} the example of such castatroph is Fukushima nuclear disaster (2011)

Japan, the world second worst nuclear accident

(www.world-nuclear.org, Nuclear Essentials, 2023)

Concluding sentence:

Hence nuclear energy still had alot of ~~all~~ challenges to the world peace during 21st century.
