

Paragraph writing

Religious extremism

In Pakistan, religious extremism is a threat to security. The wrong interpretation of Shariah lead them in destructive direction to the society. In fact, extremist groups are having radical ideologies which ~~are~~ ^{are} not mentioned in Islam.

every religion gives a message to protect humanity, but many of them turns out to be extremist in their perceptions.

Recently, many incidents of terrorism have been perpetrated by militant groups in Pakistan. These groups have claimed the responsibility of the attacks.

According to the Global Terrorism Index, Pakistan has consistently among the top 5 countries targeted by terrorism with numerous casualties and social disruption resulting from extremist activities.

(www.visionhumanity.org, Global Index of Terrorism report, 2022). In short, religious extremism is the root cause of terrorism.
