

Q Foreign policy of the US is full of contradictions. Discuss the key aspects and associated implications of Biden's foreign policy?

Answer Introduction

"Foreign policy of the US is full of contradictions"
(Al-Jazeera news)

Foreign policy of the US is full of contradictions. Several key features of Biden's foreign policy are also following the path of Trump's ideology. Thus, foreign policy of the US is full of contradiction.

2- Foreign policy of the US: Trump versus Biden: An overview

Trump administration had led to tense relations with Venezuela and Iran.

"American is back,
American is first,
American products
are first, and
American people are
first."

(-Trump)

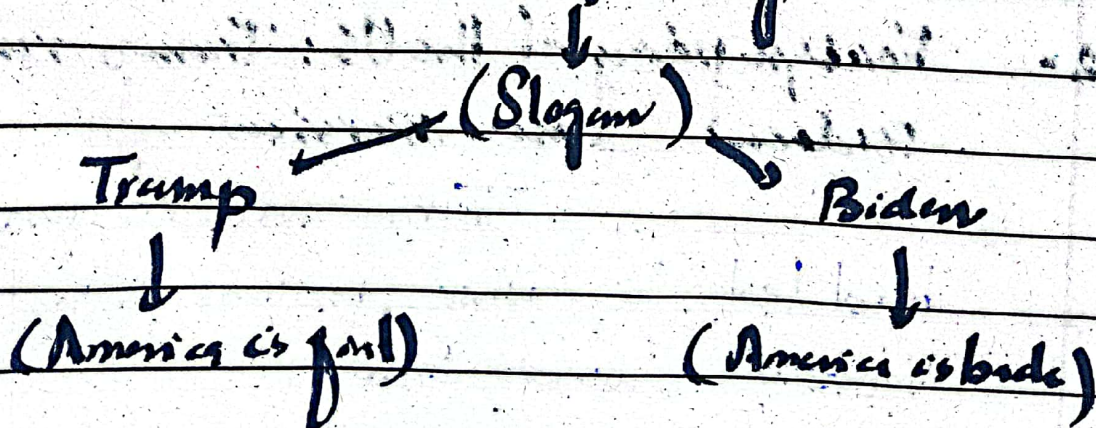

However, Biden's policy was also
similar to Trump's policy in many
perspectives.

"American is back in
its growth."

(-Biden)

Biden led to participation back
in Paris Climate Agreement as well.

US- Foreign Policy

Therefore, foreign policy of Trump and Biden is almost like.

3- Biden's foreign policy: key features and implications

Following are key features and implications:

9) Confused policy of climate change

Biden gave a confused policy of climate change.

In fact, Biden agreed the world order of climate change.

"About two-years passed, but, Biden's green policy on climate change looks dead."

(AI-Sreen, Climate politics, 2022)

Thus, Biden has a confused policy of climate change.

b) Cold war ideology with Russia

Moreover, Biden keeps cold-war ideology for Russia. In fact, cold war hostility is still followed by the US with certain perspectives.

"The US is influencing into Russian strategic influence that is unbeneficial."

(- Vladimir Putin, 2023)

Thus, The US foreign policy keeps hostility for Russia.

c) Curtailment of China

Further, Biden is continuously attempting to curtail China. In fact, growing influence of China is a threat to the US.

"US-Sino trade is

in favour of China

with about \$ 635 million."

(- Fitch, S.P. Moody)

Hence, Biden is attempting to curtail China.

d) Relation with Iran - JCPOA

Biden's foreign policy took a new shape in relation with Iran. Biden strived to negotiate Iran in case of nuclear technology, but it failed.

* Failure of US-Iran

nuclear agreement pushed up Iran in Uranium enrichment.

(- Al-Jazeera, 2023)

Therefore, Biden's foreign policy took a new shape in relation with Iran.

e) Authoritarianism versus Democracy

Biden supported democracy. In fact, he gave

message of a democratic world.

"Biden did two
democratic summits

of 2021 and of 2023"

(-Wall Street Journal, 2023)

Therefore, Biden gave a message
of democracy to the world.

f) Confusion in the Middle East

Biden's foreign policy
is rivial in the Middle East.

The US wants to influence whole
Middle East.

"The US is a major
pro-Israel and uses
it as a tool of
KSA-Iran rivalry."

(-Teqeen Ameen, future
of the Middle East, 2022)

Hence, Biden's foreign policy is full
of confusion in the Middle East.

g) European alliances and role of NATO

Biden is leading to encouragement of the NATO with European alliances. In fact, the US is heading to European countries for its strategic purposes.

'The West must be united and increase budget for NATO.'

(The US Secretary's view after Russia-Ukraine war, 2022)

Therefore, Biden is strengthening relations with European countries.

h) Follow-up of Obama's ideas on War on Terror

Biden followed Obama's ideas on war on terror. In fact, he ended the twenty-years' war to save the US from

loss of economy.

"The US lost about
\$6 billion in WW
"Terror."

(-At Fizeau, 2022)

Thus, Biden followed up Obama's
policy on 'War on Terror.'

4- Conclusion

"The US is a global
leader of the
globalized world."

(-Trump)

Foreign policy of the
USA is full of contradiction. Trump
administration and Biden's foreign
policy is almost on the same
path. However, several key fea-
tures of Biden's foreign policy and
its implications are clear. Thus,
Biden's foreign policy is full of
contradictions.
