

USE OF INTELLIGENCE: CHALLENGES and WAY FORWARD

The use of Intelligence in the love and kindness lead to the morality and responsibility which is need of hour.

But, It is challenge for educational specialists and Institutions. It has been the responsibility of Religious scholars since 2000 years But, They failed; Due to greed of wealth and power which led to social morality problems.

According to Machiavellianism, Morality is the power of decision.

The Educational specialists and Institutions must highlight the importance of morality with teach us to be lover and kinder.
