Exacerbating migration of Youth to abroad countries.

Migration of youth bulge to abroad countries are elevating day-by-day from ~~in~~ Pakistan. There are two main reasons which have compelled youth to foreign countries: Political instability and crippling economic indicators. In fact, inflation is at the peak, unemployment is dying away and economic developments are not satisfying; therefore, youth are reluctant to stay in Pakistan. According to the Bureau of Emigration and overseas Employment, 2023, approximately 8 lac youth have left Pakistan for their better future. Moreover, it is enormous loss of Pakistan that new talented youth go abroad. As per Saheem Shah, PIDE economist, 67 pc more youth wish to go foreign countries for better future. Hence, migration of youths
