## The Devilness of Bsnsness.

Busy people have brought more damage to the world than people who do nothing.

The devil, being the busiest creature; rejects laziness and is annoyed on time wasting.

Everybody must be doing something in the devil world.

It is busyness that has harmed the world and not laziness.

Things would have been better in the year 1914, if all higher authorities just enjoyed and did nothing. But, it was not the case, as they had to do something evil. Also, if all the leaders instead of going to Versailles, to maintain peace could have just taken a day off, and enjoyed themselves before the conference; it would have been better. Ideally, it would be beneficial, if laziness is not considered a crime. Nothing is achieved from conferences as it does not discuss anything substantial. All leaders could have been in a better position, if they focused on their mental health.
