(Body Paragraph).

China's Journey From Poverty-Stricken to Poverty Free.

China's leadership struggled hard and brought out the country from marsh of poverty. Once a China's poverty was 82% and ^{was} unimportant country in the world. Chinese leadership adopted scientific approach and ~~to~~ made effective policies; then, they implemented them. Before implementing policies, they identified the fundamental problems in China, such as bureaucracy, waste, and corruption. Secondly, China brought impressive reform in the country and installed their own democratic model in which they run government independently. Resultantly, China ^{is} now the world poverty free country and its ~~an~~ economical growth in global market is 23.5%. Hence, China worked hard to overcome poverty.
