Criticism Anutotle's classification / Comment / state is also critic critics some of the critici is as Tollow: i- Anototle dese not distinguish between Government and State According to Dro Garner Aristotla does not distinguished between both are totally different. State are all same based on your element: ie Population, territory, government and Soverighty but government our be classified Aristotle old not differentiate both of Then ii - Unscientific and quantitative. Aristotelian dessification is Just Pike his Plato's classification on assumption and character of rules . His theory is not supported by scientifically, His classifical bused on spiritual rather than numericals.
