

~~Master~~ Role of physical education

Re-read the paper before submission

The physical education leads to holistic development in children. It enhances the ~~gross~~ motor skills of children, which makes them ^{physically} capable in life from the early stage. In fact, physical education provides an environment ^{spellings} for children to interact with their peers which boosts their confidence. Moreover, it gives ^a chance to children to participate in extra curriculum which ^{enhances} creates intellectual ability and leadership skills in children.

~~Res~~ Research studies have suggested that students who participate in daily physical activities are more physically fit in academic achievement? (Ryan Thomas, the impact of physical education on students, 30 Jan, 2022). In short, physical education flourishes multiple skills of the children.

Brutal punishments and Crime

Brutal punishments do not stop ^{crimes} ~~brutal criminals~~. It has been observed that the country having a high death penalty are also having high crime ratio. ^{similar} [Notably, harsh punishments may create crimes in another form]. However, the countries ~~are~~ having laws of harsh punishments are still facing the high ratio of crimes. ^{For instance, in Pakistan,} ~~witness of such situation, during the era of General Zia Ul Haq, he announced executions in public but ^{that} ~~it~~ may not affect the crime ratio.~~ Crime reduction has to do with ensuring of punishments, not harsh punishments. (Rashad Bulchaxi, Justice or revenge, 1 Aug, 2023). In short, harsh punishment is not ^{effective in} ~~effective in~~ stopping crimes.
