Paternity leave and traditional gender roles

The paternity leave is re-shaping the traditional gender roles. It promotes equality and inclusivity at workplace. In fact, paternity leave is changing the perception of being ^a father. ~~However,~~ ^{Although} maternity is considered to be a caregiving, ~~but~~ paternity leave can also play a significant role ~~of~~ ^{in the} upbringing ^{of} a child. Paternity leave changed the traditional gender role. Moreover, it is more likely to reduce the gender bias that women can extend break for child-rearing. In addition ~~to~~, it encourages for all ~~to~~ ^{regardless} values family life, regardless all gender. (Maheer Ishaq, paternity leave is feminist, 3 Aug, 2023). In short, the paternity ^{leave} reduces the gender bias in society.
