

Mashaallah

People have become overly dependent on technology.

ignored in outline

Outline

- 1- Introduction: Thesis Statement: (People have become overly dependent on technology.)  
 Reliance on technology for education, traffic management, industrial production has increased. Therefore, people can not ~~survive~~ ~~live~~ without technology and ~~are~~ ~~have~~ become ~~dependent~~ ~~on~~ ~~technology~~.  
 have overly

add more

Evolution of technology (better crunch)

2- Role of technology in human life

- 3- People have become ~~dependent~~ ~~on~~ ~~technology~~  
 Reliance <sup>on tech</sup> ~~in~~ education by teachers and students  
~~is dependent on technology~~
- a) Developed countries people ~~have~~ ~~depending~~ ~~on~~ technology for traffic management
  - b) Housewives rely on machines for households
  - c) People are fully dependent on technology in industrial production
  - e) People do not walk even a single distance due to dependency on technology

4- People have not become dependent on technology

- a) Teachers and students only get assistance in education by technology
- b) Technology assists people in managing traffic system

- c) Machines help in fast completion of households
- d) People use technology for industrial productivity
- e) People walk but use vehicles for long-distances

### 5- People move with technology

- a) On the name of assistance, teachers and students have involved complete technology in education
- b) People do not follow rules, but follow technology in traffic management

~~Housewives are dependent on machines for fast completion of households~~

- d) People can not move without technology in industrial sector → generic
- e) People rely on vehicles even for a short-distance

### 6- Conclusion

Thesis is about dependence on technology while topic is "overly dependent"

Add points like  
 Healthcare is dependent on technology for diagnosis, prognosis and treatment  
 system downtime can create chaos when there are insufficient backup systems in place  
 Complete reliance on technology for memorizing information

It is better to divide outline in headings like transportation, education, communication, etc
