Sub Heading: AI is threat to
Privacy of mankind

There are many other reasons, which are threat to Privacy of mankind, among them one is Artificial Intelligence (AI). AI has ~~the~~ ability to ~~reach~~ easily to mankind Privacy, to become a threat to mankind.

[At Present, worldwide due to excessive use of AI, which are present in different forms in Computer Systems, and in Mobiles, Hackers use the personal data of users, and do blackmail them.] Therefore, Artificial Intelligence is

grammatical mistakes

Threat for Privacy of
mankind.

Sub Heading: Chat GPT is reducing
the skills of Youth

Along, with other reasons,
excessive use of Chat GPT is
also reducing the potential
skills of youth. The reason
behind this is, because
Chat GPT develop easiness for
the youth. Now, at present
youth is avoiding the use
of their natural skills and,
they are mostly depend
on the use of Chat GPT.
In 2023, Various African

Countries such as Chad, South Sudan, the Central African Republic banned the ChatGPT. Along with them Italy also banned the ChatGPT in 2022 (CNBC, April, 2023)

Therefore, among other cause ChatGPT is also reducing the skills of youth.
