ACADEMIC PARAGRAPH STRUCTURE

(Sub-heading: Crisis of Good Governance in Pakistan)

Topic Sentence	Poor rule of law is a major aspect of the crisis of good governance in Pakistan.
Explanatory or Reasoning sentence	The reason is that laws in Pakistan are not applied equally to all citizens and high officials.
Supporting Point (1)	Compromising legal, political and economic institutions, shows that Pakistan's institutional quality not only ranks near the bottom among 200 countries and territories but also steadily deteriorated over the last few decades.
Example (1)	The world Justice Project (WJP) an international civil society of organization released a Rule of Law Index in 2021 that specifically evaluated
SP 2 (optional)	the rule of law in 139 countries and ranked Pakistan's rule of law at 130th place.
Ex 2 (to be written if SP2 is given)	
Concluding Sentence	This shows that the poor rule of law is destroying <u>our</u> country like <u>a dam</u> .

Topic Sentence	Currently, Pakistan has been <u>placing out</u> the top of world's water crisis countries. Water crisis in Pakistan is also affecting its national unity.
Explanatory or Reasoning sentence	Pakistan is an agricultural country but the crisis of water is <u>damaging</u> the agriculture.
Supporting Point (1)	Water crisis is decreasing agricultural productivity and disturbing the domestic life of Pakistan. Water crisis and its impact on Pakistan's national unity are <u>increasing</u> day by day.
Example (1)	The sixth most popular country in the world, is well endowed with water, water availability per person is high and agricultural yield are low compared to most countries (Pakistan's scarce water can bring more value to people and economy, World Bank Report, 2019).
SP 2 (optional)	
Ex 2 (to be written if SP2 is given)	
Concluding Sentence	Hence, proved that the Pakistan is facing the critical issue of water crisis and national unity.
