

## English Précis (2019)

~~Topic:~~ Way to treat children ✓

According to the author, modern educationists have <sup>an</sup> ~~an~~ imbalance <sup>d</sup> approach towards engaging and ~~engaging~~ with children. Children will happily respond to elder's ~~suggestion~~, if they <sup>receive</sup> ~~feel~~ unconditional love. ~~Contrary to that~~ children will not respond to the affections if they sense any interest of elders. Teachers who possess such ~~quality/behaviours~~ can do more good than harm. Unfortunately, ~~over-worked~~ teachers ~~are~~ failed <sup>to</sup> do so. They can't deal children with ~~instinctive~~ love when fatigued and <sup>irritated</sup>. So, Discipline and friendly behaviour of a teacher can make a child ~~comfortable~~ enough to behave properly. Affectionate behaviour is the ~~key~~ <sup>to</sup> the change in the child's behaviour.

main idea is picked basic grammar needs attention

## English Prea's 2017

Title : Laziness & A Blessing in Disguise

The ~~misdirected~~, energetic and busy people are responsible for all the evils in the world. They had created all the chaos in this world. In the past, if Kings, ~~Emperors~~ and <sup>statesman</sup> all their workers had taken some rest, it could have resulted in word peace.

All the active and energetic people did a great damage to the world. In present time, world can be a better place to live in, if politicians and religious leaders take

a break, leaving their activities aside, observing and enjoying the beauty of nature can restore their mental health and world peace.
