CSS-2021) What is the belief in the Day of Judgment?
Explain its effects on individual and collective lives of human beings.

start with the introduction of the qs.

Belief in Day of Judgment, one of the fundamentals is complete
"IMAANI", is that one day all human beings will gather and
be accountable to Allah for what they did in their earthly life.

If someone denies Day of Judgment, ~~he is denying~~
then he denies ~~the~~ one of the attributes of Allah:
"AL-HAKAMI". ^{Meaning that} Allah is the giver of justice.
Who will give justice to one who was punished wrongly in
this life, and will give ~~the~~ punishment to one who did
wrong but was not accountable to anyone in this world?
He is Allah to whom everyone will be accountable on
Day of Judgment. So it is 100% logical to believe in
"Al'akhirah".

So, belief in Day of Judgment means sense of ~~being~~ being.
accountable to everything we did in our temporary life,
and earthy life is analogous to examination held to believers
of "Al'akhirah".
