

## Positive Impacts of Social Media On Youth

Social media has become part of youth. Youngsters have engaged themselves in it.

It has many positive impacts on youth, because it is source of learning new things. Secondly, social media is a platform where youngsters can share their opinions regarding global issues, economic issues in country, and political issues in region.

Social media is helpful in developing critical thinkings in youngsters. <sup>By</sup> using it, youngsters can reshape their minds and come forward to inventions.

Social media also encourages youngsters to <sup>bring</sup> improvements in their life such as building personality, awareness regarding social issues, planning for future and increasing communication skills as well. As it

is a digital world era, youngsters are using social media as a tool to earn money, and they are trying to <sup>become</sup> being independent. If all

youngsters in our country use social media in positive way, it can bring huge change in our economy ~~as well,~~ <sup>By</sup> because social media ~~has~~ <sup>has</sup> introduced

digital programs ~~through~~ <sup>these,</sup> adopting it youngsters can bring dollars in country. In a nutshell, social media is a platform that can change the destiny of youngsters.
