Heading	Religion is a remedy for all evils - provides a merit based political system
Topic Sentence	<del>Is religion a remedy for political evils?</del> Religions provide a merit based political system which serve as a solution to prevailing political evils.
Reason or explanation	The meritocracy is paramount for any political system to thrive, and especially for incumbent democracy.
Supporting point (1)	
Example (1)	Taking an example of Islamic constitution, pious Caliphates in Islamic polity were appointed on merit.
Supporting point (2)	Dr. Hamidullah in his book "Introduction to Islam" mentions that Abu Bakr's merit based selection made him take significant decisions starting from Prophet's (PBUH) burial.
Example (2)	Similarly, Umar's regime became pioneer of state institutions such as governorship and police.
Concluding sentence	Therefore, it could be reinstated that many right steps were made in the right direction star in a merit based political system offered by religion.

Heading	Importance of right to say despite disagreement: Slogans of environmentalists received backlash but contributed towards a major breakthrough in climate action.
Topic Sentence	Environmentalists, their slogans and protests, have contributed in achieving climate action milestones in spite of backlash.
Reason or explanation	In the era of 'global warming' and now 'global boiling,' industrialist states have minimum dedication towards adoption of green technology.
Supporting point (1)	They have not only turned a blind eye towards environmentalists but on many occasions advocates of climate action have been arrested.
Example (1)	Greta <sup>sp</sup> Thunberg, a young environmentalist, appeared as a major face before COP-27 (2021) conference on climate change.
Supporting point (2)	Although she faced criticism from different factions of society and <del>faced</del> wrath of state institutions but her speeches influenced more youth, and decision making in COP-27.
Example (2)	
Concluding sentence	Therefore, it could be concluded that in spite of disagreements, the right of environmentalists to say served paramount in the history of climate action.
