

Q The planning commission is an apex financial and public policy making institution of the government of Pakistan. Elaborate the role of PC in terms of policy development for national economic growth and development of social infrastructure through the Public Sector Development Programme (PSDP).

Answer Introduction

"Planning Commission (PC)

is a national process of organized level."

(-Farruk Bui)

Planning Commission is an apex financial and public policy making institution. In fact, Planning Commission is a body of national economic growth and social infrastructure through (PSDP). Therefore, Planning Commission is the highest auth

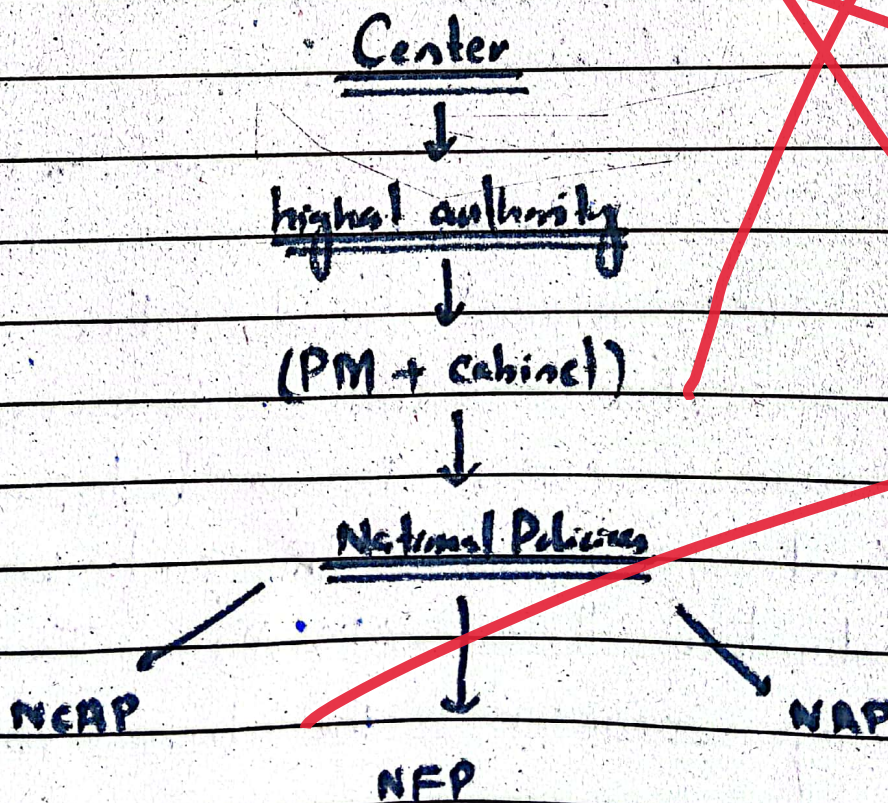

Ority of the government.

## 2. Definitem of Planning Commission

" Planning Commission is  
the highest authority of  
the government."

(-Tejendra Prasad)

Planning Commission is  
the highest authority. It helps in  
policy making at the national  
level. Moreover, it is led by  
premier and his cabinet.

Thus, Planning Commission is the authority at national level.

### 3- Role of PC in national economic growth and social infrastructure policies

Following is the role of PC:

#### 9) Eradication of malnutrition through national food programme

PC helps in eradication of malnutrition. In fact, PC eradicates poverty at certain cases.

"Pakistan has framed the National Food Development Programme (NFDP)

policy to provide nutrition to people especially in rural areas."

← Samek Hameed,  
NFDP, 2023)

Therefore, Planning Commission helps in eradication of poverty.

b) Sustainable development programme  
 Moreover, Planning Commission also leads to sustainable development programme. Planning Commission frames better social infrastructure policies to provide better PSD.

'House scheme' is a sustainable policy of providing better houses to public in Pakistan.

(-Taqee Hussain, 2022)

Not only this, but Planning Commission also maintains essence of sustainable development.

"Billion tree tsunami" is a national level

programmed to maintain norms of social infrastructure in clean environment.

(- Saqib, Clean Pakistan, 2020)

Thus, Planning Commission leads to sustainable development of infrastructure.

c) Opportunities of employment at national level

Planning Commission also provides certain opportunities of employment at national level for sustainable economic growth. In fact, youth of Pakistan needs economic policies for national economic growth.

“Kamyab Nijam Program”

is a better economic development programme to revive economy.

of the state."

(- Faisal Khan, life style reevaluation, 2023)

Moreover, economic growth can be encouraged by focusing on public sector.

"Pakistan can increase 46% of GDP by improving human capital to inspire economic growth."

(- The World Bank, 2023)

Hence, Planning Commission also provides employment at national level.

b) Sustainable transport system for public service

Further, Planning Commission provides sustainable transport to public. In fact, PSP is an essence of success of

## Planning Commission.

• Pakistan has framed the National Clean Air Policy (NCAP) of 2023 to improve four sectors for public service, including transport systems, industrial development, residential areas, and waste management.

(- Shari Rehman)

Furthermore, Pakistan will improve its economy as,

• Pakistan can save 86% of its GDP by implementation of NCAP of 2023-1.

(- Shari Rehman)

Hence, Planning Commission helps in improving transport system for sustainable economic growth and sustainable infrastructure development.

4-

Conclusion.

"Planning Commission  
is a coordination  
of authoritative  
policy."

(- H. H. Khan)

Planning Commission helps  
in making better public policies  
at the national level. In fact, PC  
is an essence of the government.  
Moreover, planning commission can  
lead to sustainable economic growth  
and infrastructure development. There-  
fore, Planning Commission is an  
apex of the government of Pakistan.
