Nuclear Challenge to World Peace during 21st Century.

Topic Sentence

Nuclear weapons are the biggest challenge to world peace during 21st Century.

ts
cs

Explanatory or Reasoning Sentence.

The reason is that every country wants to dominate the nuclear race. Hence, the risk of nuclear war is higher than ever since the end of cold war.

re

Evidence?

Supporting Point.

Today, most of nuclear powers are engaged in regional conflicts with each other. They are threatening each other to use nuclear weapons, if their national security comes under threat. At the same time, many non-nuclear armed countries are eagerly waiting to join this race.

engaged

Example.

About 30 countries are planning to start nuclear programs. These countries range from sophisticated economies to developing economies of (World-Nuclear.org, Emerging Nuclear Countries, July 2023)
