Title:

Freedom in Education vs Purposive Education

Among the three school of thought regarding freedom in children's education, Rousseau preferred the third one. That states, only that freedom in education is necessary for children to be upright. However, the author disagree with the idea that education has not a

positive purpose but a place for development
this sentence is incoherent and makes no sense
only. As being a part of community, which require cooperation that cannot be achieved through impulsive intuition only. Children like adults can not be virtuous if all free.

Therefore, from the social perspective the role of education should be dual i.e.; to provide opportunity for growth and moral values as well.

main idea is picked and discussed
but there needs to be more clarity in the precise
