

Online learning is not only convenient but often more effective than traditional classroom instructions.

(Argumentative)

T.S: Although it is a general conception that online learning is more convenient than traditional classroom instructions, however, it is in the classrooms one learns through practical experiences. Therefore, learning in traditional classrooms is much better than online learning.

To encourage healthy eating, higher taxes should be imposed on soft drinks and junk food.

(Argumentative)

Although it is thought that a person can only eat healthy if he is motivated to do so, however, to encourage healthy eating among masses some restriction should be put on the junk food. Therefore, higher taxes should be imposed on soft drinks and junk food in order to encourage healthy eating.

People have become overly dependent on technology
(Argumentative)

* Although it is general conception that people rely too much on technology, however, it is simply not the case as technology help people in their day to day lives. Therefore, people have not become overly dependent on technology.

Both parents should assume equal responsibility in raising a child
(Argumentative)

∴ Although many assume that main responsibility lies on mother in raising a child, however, a child learns from both his parents. That is why, both parents should assume equal responsibility in raising a child.
