In this world, evil is spread by misled activeness of people rather than by their laziness. Therefore, devil remains busy in his affairs and always condemns lethargy. The world lacks passive and steady thought but not active virtues. In 1914, people ^{if the leaders of the world} ~~would~~ ^{if} statesmen, emperors, kings, journals, generals and ^{journalists} ~~journalists~~ ^{did} ~~nothing~~ ^{but} only enjoy sunshine and consume tobacco ^{there is no sense of this sentence} than today people would be in better position. Similarly it would have been the possibility for statesman in 1919, that not to indulge in Versailles Treaty. After passing some time, the worldly affairs might be run over. Even contemporary politicians could do better, if do nothing for a while. The people who ~~attended~~ ^{have attended} religious conferences could improve themselves by self ^{this sentence is too long} ~~analysis~~ isolation instead of condemning the length of ladies skirts and noisiness of dance bands.
