China has said in this context, the only solution of Afghan conflict is negotiation between Afghan leadership. Pakistan and China will play their role for strategic participation to solve the Afghan conflict through negotiations.

Topic: Flaws in Modern education Thesis

According to author, educationists adverse approach towards participation into children but enjoy their company. If one like children like people like pets they will be more loyal. Besides, children have no desire for social and political achievements but selfless. Unfortunately, teachers also over-burdened these ~~days~~ days and cannot maintain natural liking for children. Teachers interactions with children should not exceed two hour a day. Dealing with children without ~~strict~~ strict discipline is timecon as this causes obvious imitation, despite teachers thesis self control cannot evoke the feelings of friendliness. In this way, the impulse provides guidance where the rules cannot replace love and affection
