Essay Topic "Education and Social Progress"

Education, if available to all societal classes creates a balanced society which ultimately leads to a social progress. A society can never progress if there ~~is~~ ^{exist} inequality of resources. So, equal opportunities of getting education brings harmony in a society and decrease a disparity between social classes. Thus availability of education to all social classes can be bring a more tolerant and peaceful society.

Therefore, social progress can be brought by providing equal opportunities of education to ~~upper and lower classes~~ to all social classes of society.

Essay Topic The threat of global warming and ways to counter it.

Global Warming is not only an environmental threat but also an economic and security issue. With rising impacts of global warming the economy and security of world is also at stake. As it is said by former secretary general of United Nations, Kofi Annan: "Global Warming must be seen as an economic and security threat".

Jakarta was not only a capital of Indonesia but was also an economic centre of Indonesia, being a coastal city. Couple of years back Indonesia shifted its capital city from Jakarta to ^{nusantara} because a portion of this city was submerged into water, due to rising impacts of global warming. Not only this, world scientist community has developed a consensus that ^{also} in coming year Detroit city of America, Shanghai city of China will ^{also} be sub-merged in water.
