

The Royal Route of Cherokee

Where has anything about "royal" been discussed in the passage?

During my vacations last May, I wanted to try something as travel to a place that would be unique and not too crowded.

Thus, we agreed with John on a trip to Cherokee, a county in the state of Oklahoma.

First we visited ~~a town~~ the town "Qualla Boundary" that was surrounded by magnificent mountain sceneries.

A village in this country produced tribal crafts and lifestyle 18th century life style, although we had faced language barrier

despite the language barriers we got into the souvenir shops, where we saw souvenirs made of dyed turkey feathers and tents made of animal skin.

As the shopkeeper was fluent in English, we chatted with him till lunch and he told us about living in the town and his life.

According to him, Cherokee does not solely depend on trade for survival and during, they set a bingo-weekend during tour off periods and earn from bingo games and he himself worked as a wood cutter.

Finally, we went to museum at Qualla Boundary where we saw a display of Cherokee artifacts.
