Precis:

- Title: ① Learn from History
② Lessons from History

There is a relation between past and future. People who glorify the past and ^{do} not analyse it, do not succeed. The people who learn from past and improve themselves for future ~~they~~ will be successful. They learn from the rise and fall of the previous civilizations. In ^{To the contrary} ~~contrary~~ to this ^{governments} some people and government take narrow view of history. They avoid critical inquiries into the past and are never able to get benefit from past. They study history but ^{learn nothing} ~~learn~~ from it.
