The government must introduce the plan to improve the educational sector. It is considered to be the backbone of the state's fortune. As far as it is considered to be the only way to penetrate the state economy into the high developed sector. The state must recognise the shortcomings in the financial, social and educational sector. It is hard to say that the economy of state would be ~~naused~~ without taking serious steps for the implementation of the policies. It would be considered like searching for a needle in a haystack, that the government is not able to identify the shortcomings being present in the track towards success. This anecdote must have several welcomes for the people, including the search for the development. The unflinching support would give all out support to the victims of the economically effected regions of the globe. The international community should focus on the monetary condition of the state. However, the words must be brought into actions for the betterment of the economical condition of the state. Therefore, the implementation must be in true spirit otherwise the dire consequences would be faced by the economically effected state and the actions must be taken to retrieve the ~~dis~~ devastating condition.

The development process takes time, the time consumption is one of the main ingredient of the development process. People try and burn their midnight oil to get into their goals. The achievements are gained through the process of the development. The swift actions should be done, to uplift the development process. The anecdote must be introduced to spread the awareness among the society. So that the process must be taken to halt the development of the community. ?

As far as the medium for success is concerned, the peace is the only medium to work upon it for the better solution of the society. The enormous changes must be done to conceal the development process. The expressions must be made effective for the betterment of the policies.
