Title

True education and morality

ANSWER

The survival of modern man can be possible by using his intelligence as a tool of kindness. Now, it is the challenge for educational institutes to make a man morally intelligent. Initially, the religions were made responsible to produce a man morally and spiritually correct person. But the religions ~~were~~ failed ~~in~~ ^{to} doing so and the man became the fond of wealth. Usually, a greedy man has little morals. By ignoring the morality, there is chance of more disasters. People must know that only educational institutes have the power to introduce morality in modern man. Training must ensure the love and kindness ~~and~~ for human beings.
