

Global Energy Politics

incorrect interpretation

~~Global energy means all the sources~~
~~in which different nations use to produce~~
~~energy. In the world, There are several major~~
players in Global Energy Politics. Russia-Ukraine war
does has some major ^{on what?} effects. Both ~~of these countries~~
provide energy ~~sources~~ to the world in cheap
prices. However, ~~Middle-East~~ does play an important
role in ~~this mean of~~ energy politics. ^{to} USA is
famous for ^{coherence?} its unipolarity after the collapse
of USSR. This nation is overly dependent on
OPEC countries. ^{and opec comprises of Middle Eastern states} ~~and most of these countries~~
~~formed together and known as middle-east.~~

^{which countries??} After the industrial revolution, the
countries became dependent on industrial sectors.
USA and western countries are the biggest
examples. But the industries run through ~~different~~
~~sources of energy known as Gas ps and oil.~~
USA has strong ties with Kingdom of Saudi
Arabia (KSA) and ~~will gets~~ oil from Saudi
Arabia and UAE. Russia and Ukraine provide
energy to ^ewestern countries and countries
like Pakistan. The situation of Russia and
Ukraine is not the same after Russia has
started invasion in Crimea and its different
regions.

Moreover, the world has started making
long term agreements with ~~Middle Eastern~~ countries.
The role of KSA is most significant in this
race because it is the ~~second largest~~ producer of oil.

US and KSA have long term agreements and US has started to shift its energy dependency on renewable energy sources ~~Since~~ 2008. The purpose behind this change was to reduce its dependency on OPEC countries.

Furthermore, OMAN and Qatar are also known as the biggest oil producers. ~~The role of UAE is also very significant.~~ According to a recent report, the China has started investing in UAE, KSA and ~~on Egyptian~~ ports. KSA will provide 15% of oil that China will require in a year. The paradigm shift of China and Middle Eastern countries have been shifted after China has started its Belt Road Initiative (BRI) a trillion dollar project. China started investment on Gulf of Aden to use the Egyptian port for its trade.

By continuing, China and Russia also started to support Iran. Russia and China both are the Communist states and China contain the title of world's largest economy. However, Russia is known for its second largest military forces in the world. USA puts sanctions over Iran because it has started enriching the Uranium to make Atom Bomb. But, Russia and China has denied to accept these sanctions and supporting Iran by military aid and will provide aid to Iran to get its oil reservoirs. ~~Then, Iran will strengthen its military and use it~~

~~against US.~~

Moreover, role of Ukraine ~~was~~ also important in global energy politics. This country ~~will~~ was providing oil at very low costs. But, the Russia's invasion has crippled tensions for many countries. ~~The name of~~ Pakistan is also in ~~this~~ list of countries who were dependent on Ukrainian fuel resources. Many western countries has ~~turned~~ turned their eyes on other regions ~~like~~ Africa.

China is known for the largest consumption of its energy ~~sources~~. China was not a major ~~player~~ player of global energy politics before 2002. After the BRI initiative from 2002 ~~and~~ onward, China has consumed a record breaking energy sources. China is also a major player in ~~crippling~~ crippling the unipolarity of US with the complete support of ~~Russia~~. Russia and China ~~has~~ has started to change the existing ~~world~~ world order to a new multipolar world order. In which global energy politics ~~does~~ play a significant role.

By concluding the argument, all the countries are ~~dependent~~ dependent on oil rich and gas rich countries. They continue to ~~strengthen~~ strengthen their ties to fulfill their energy needs. No nation can survive without fulfilling their energy needs to run industries.

basic grammar and sentence structure is very weak
repetition of the ideas and no coherence in stance
need alot of improvement.
