

Title:-

Education creates morality <sup>and</sup> cooperation

According to author, three types of philosophies exist about children's education. First class believes in children's freedom, while the other two are against this view. Author <sup>opines</sup> ~~said~~ that the people <sup>the</sup> who believe that liberty ensures morality, also think that the purpose of education must be cooperation. However, <sup>he</sup> ~~the author~~ <sup>disagrees with</sup> ~~disagrees~~ from this view because it creates individualism rather than cooperation, and communities expect all <sup>types</sup> of cooperation, which is created by generosity and ~~careness~~; that is only developed by education.

Idea generally ok but punctuation and grammar need improvement.

Do not repeat "author" multiple times. Give credit to him just once in the passage. Do not use informal words such as "&".

## Q7. Translation

The old man has told that on the other side of the forest, there is a mountain, on which that flower grows whose fragrance is pleasant for eyes. But the mountain

is so high, and it contains a lot of thorns, bushes and big stones that stop the way.

A number of people came to reach this mountain but no one could reach to that flower. Perhaps, due to this, there is pain and sorrow in the world, and human is in the search of light.
