Title: Manto's liberal thought and Society reactions

Manto experienced different kinds of social criticism, owing to his liberal thoughts. His opponents pushed him into the legal battle. Despite of the negative tactics from the opponents, he continued and shown the realities through his writing. Adding to this, he also experienced the mysteries of the sex and social imbalances with particular class of the society. Moreover, Manto believes that man is neither angel and nor he devil, he is mixture of both. Without any damage, he created the differences between the appearances and reality. However, only duality was creating trouble for Manto. As a realist, he explains the vulgarity in a discipline way. Like the other authors, his writing was also based on discipline!
