

## 2020 Precise

Q2) Write a precise and suggest a suitable title?

The suitable title for the given passage is:

### Manto's Efforts to Discreet Vulgarities

Following the legacy of Freud, Manto made his focus upon exploring the mysteries of sex. He had been declared insane and hypocrite. Despite the criticism that his writings expressed the content of vulgarities, he remained determined. He expressed his views regarding the problems of the socially and economically deprived segment of society. For him, human is an amalgam of angel and devil. He undressed the dual nature of man's behaviours among different social classes. His writings enabled people to figure out their accurate restless behaviours.

Total no. of words: **85**

Q3) Read the following passage and answer the given questions given at the end?

① Define globalization?

Globalization is the phenomenon through which the world is becoming a global village. It happened when different nations around the globe have integrated their economies, by sharing their products and labour force. Therefore, globalization is the result of developments of strong fiscal, political and cultural affiliations among various states.

② What is electronic mass communication?

Electronic mass communication is the modern technology which has integrated the world. It has resulted in globalization as nations are capable to communicate with each other across their boundaries. Therefore, information technology and electronic mass communication are the reasons behind globalization.

③ What does the term Third world denote?

The term Third world denote those countries which are not economically sound. For the progress, within these countries, globalization has enabled the private sectors to flourish there. Therefore, shrinking public sector and burgeoning private sector will boost their economic progress.

④ What is privatization?

Privatization is the result of globalization. It is basically the shrinking of public sector and the development of private sector. This has been done for enabling the underdeveloped states to boost their economic progress.

⑤ Explain 'liberalism' in the above context?

Liberalism is the outcome of globalization within the underdeveloped states. These states are following the principle of liberalism along with deregulation and privatization. They are doing so for boosting their economy and overcoming their deficits.
