

Poverty is the worst form of violence

1)- Introduction:

Surviving with physical violence is somehow bearable and can be eradicated with some implementation by government but poverty is one of the worst form of violence. It continues from generation to generation and ultimately, the country has to face its consequences. Immediate steps should be taken to minimize this curse. Otherwise, it will leave grievous impacts economically, socially and politically.

2)- How Poverty leads to violence

2.1) Poor infrastructure of country

Case in point: poverty in Sri Lanka due to poor infrastructure.

2.2) Unemployment issues and their impacts

Case in point: South Africa, having the highest unemployment rate as of October 2019.

2.3) Illiteracy and its grievous impacts on poverty

Case in point: Albania's illiteracy upto 98% as of 2018

3)- Poverty issues in Pakistan

3.1) Slum areas and their issues

Case in point: Areas of Balochistan and Sindh having poverty due to lack of sources

3.2) How the recent flood caused massive distribution and poverty in Pakistan

Case in point: Southern and west Pakistan flood and food scarcity

4) Poverty leading towards violence and aggression

4.1) Increasing ratio of professional criminals.

Case in point: Afghanistan crisis and violence disturbing locals to stay at home.

4.2) Poor people joining organized group to eradicate poverty.

Case in point: Organized groups in Pakistan's region Karachi

4.3) Human, Arms and drug trafficking

Case in point: Balochistan, a paradise for criminals for Arms and drug trafficking.

5) Way Forward: Tackling with poverty

5.1) Creating Job Opportunities, a better infrastructure of Country.

5.2) Investing in business instead of saving

5.3) Providing the locals with basic needs like food, shelter. ~~and~~

5.4) Immediate steps ~~should be taken~~ for education and health

5.5) Awaring public to use internet for trade.

6) Conclusion

Global hunger is not an issue of charity but Justice.

Outline

1) Introduction

Hunger is one of the global issue and is not due to lack of charity or aid, but due to the injustice of not providing extra food to need countries. Immediate steps should be taken to ~~stop wasting the food~~ maintain a food supply chain instead of wasting it.

2) Recent Scenarios impacting Global hunger:

- 2.1) The political conflicts of Russia and Ukraine stopping seeds and grains exports
- 2.2) The worst impacts of COVID-19 and shutting down the business globally.
- 2.3) ~~Natural~~ Climate issues minimizing the agricultural production globally.

3) The injustice with Global hunger.

3.1) Attitude of developed countries towards global hunger.

Case in study: A report of ~~it~~ regarding China and India, being the most noticed in wasting the household food globally.

3.2) The neglectance of the world towards taking serious and immediate action to stop hunger.

Case in study: Reports on "World Food Programme" and attitudes of different governments with it.

3.3) Countries like Russia, China, wasting food instead of giving it to needy.

4) Analysis on ~~the~~ Injustice with World hunger:

4.1) Absence of humanity, a major issue.

4.2) Role of government for hunger

5) Way forward, tackling with Global hunger:

5.1) Eliminate food waste

5.2) Maintain a food chain at national level to reach every mouth.

5.3) Promote agriculture

5.4) Government of every country should take it serious.

6) Conclusion.
