

Precis 2020

Manto was affected by social contradictions. His critics blamed him of inciting immorality through his writings. Despite of being criticized, manto continued to express the dark side of the society. He tried to explore the mysteries of sex as a deep concern for socially marginalised class. Manto sees human beings as a mixture of evil and good without any social discrimination. He truly depicted the vulgarity of the society without being so and made his readers aware of social - moral issues.
